

MARCH 10, 2009

FROM THE EDITOR'S ARCHIVES

Although this may look like the work of an earthquake, the destruction to this famous Silicon Valley building was man-made and planned.

What was it and where was it? The first correct answer wins a recent MEMS book courtesy of Wiley-Interscience publishers. The contest is over after I receive the first correct answer or a week from today, whichever comes first. Send your guess to "archivesmc@gmail.com."
